

Hello, I am Privesh Chauhan, and I am proud to introduce you to this German A1 course. This course is the result of my personal journey of learning German, which I began in Berlin. During my time there, I realized that no institute in India provided online live lectures, recorded lectures, or handmade notes checked by native German faculty. We were one of the first to offer such a comprehensive course for our registered students, and this experience has shaped the course you see today.

With the rising demand for students in India wanting to travel to Germany and learn German for various purposes, including work, travel, and study, I decided to recreate this course to provide a one-stop solution for all learners looking to master German A1. This course is designed not only to teach the basics of German but also to offer interactive, engaging, and detailed lessons that will make you confident in your language skills.
